

ADULTS Frequently Asked Questions

دوري أبوظبي للتنس
**ABU DHABI
TENNIS LEAGUE**

Where are matches held?

A number of venues around Abu Dhabi have offered to host matches. These include hotels and clubs. A list of all partner venues will be available soon.

What is the format?

Adults can choose to play on a team in the competitive or recreational division, split for men and ladies. Groups will be randomly assigned, and each team will play at least one home and one away match against the other teams in their group. The winner of each group will participate in the knockout stage, starting at the semifinal round.

Each match day, a team will play two singles matches and one doubles match. Players can participate in both the singles and doubles matches. Teams must list the players for each match by the deadline. If a player does not attend, the match he or she is assigned to play will be forfeited.

Matches will be scheduled fortnightly on weekends. The finals will be held at Zayed Sports City.

What are the requirements?

Adult players must be age 18 or older.

What are the fees?

Adult fees are AED 100 per player. This will be paid when your team is confirmed. Instructions and options for payment be given once your team is accepted.

What are the home team responsibilities?

The home team is responsible for providing game balls and for ensuring the signed match card is handed in at the end of the match. The game balls will be provided by ADSC before the league starts.

Frequently Asked Questions (continued)

How are matches officiated?

In line with community tennis guidelines, matches are self-officiated. Dispute resolution is detailed in the official rules.

Can I bring my own team?

If you have a team of 4 to 6 players, you can register a full team. You may close your team, or, if you have not reached 6 players and have indicated that you are open to new players, we may assign individuals to play on your team.

What if I don't have a team?

Players who don't have a team can register interest as individuals. We will assign as many individuals as possible to teams based on interest.

What if I am not a member of a venue already?

Membership is not a requirement to join this league. As a courtesy to our host venues, their members will be given priority to participate, and community members will be allowed to take remaining spaces.

How are home courts assigned?

Each venue will have one or more home teams based on their capacity and interest. Team members are given priority if they are a member of the hotel, club or venue.

Several larger venues, including Zayed Sports City and Abu Dhabi Country Club, can be home court for multiple teams within the same division, if necessary.

Are there prizes?

Individuals and clubs will be rewarded for their winning efforts. Stay tuned for details!

How is information shared?

All communications will take place through the team captain, who will be designated upon team registration.
